DEATH OF OHIO SOLON.

Representative Janson Of Cuyahoga Delegation Passes Away.

TAXATION MEASURE IN THE SENATE.

The Decker Resolution Directing the State Board of Charities to Inquire Into Punishment at Delaware Home Adopted.

Columbus, O., April 2.—Death has invaded the ranks of the Seventy-fifth general assembly and both branches of the legislature adjourned out of respect to the departed. Representative Otto Janson, the German representative in the Cuyahoga county delegation, died at his home in Cleveland Tuesday evening. A telegram to Mr. Selser of the delegation was read to the house and a motion was at once made that a committee be appointed to prepare and report suitable resolutions. Messrs. Stage, Selser and Willis were appointed. A committee of six was appointed to attend the funeral service next Saturday. Then the house adjourned. He was a sufferer from yellow jaundice.

The house passed the Silberberg bottlers' bill. The measure provides that bottlers of ginger ale, soda water, mineral waters or beverages of any kind may register the designs of their bottles with the secretary of state and it becomes a misdemeanor to use them by any other person. Possession of these bottles is made prima facie evidence of guilt and any one found with a registered beer bottle is liable to be arrested and punished.

The Rowland bill which sought to have the state inspector of workshops and factories to appoint two additional inspectors, one for Hamilton and the other for Cuyahoga counties, was defeated.

The Beal bill will be a law as soon as the presiding officers of the two branches affix their signatures. The senate amendments to the measure were reported back to the house and Mr. Beal stated that the changes were wholly acceptable to him and the friends of the bill and the amendments were concurred in. Both sides of the question seem perfectly satisfied.

A special message from Governor Nash on the pending taxation bills was sent to the legislature. He urged the speedy passage of the Cole, Willis and Johnson bills, and recommended that the constitution, now 50 years old, be amended in two instances, one to enlarge the powers of the general assembly and the other to remove the double stock liability. The message was in reality for the benefit of the senate, in whose hands the administration bills peacefully repose. It was read in the house, however, but excited no especial interest. Governor Nash in his message made strong plea for the immediate passage of the bills, calling the attention of the senate to the pledge of the party to, as far as possible, relieve small home owners of as much of the burden of taxation as possible. According to the governor's own figures, the plan suggested in these bills would reduce the state levy upon real and personal property (chattels) from \$2.89 to \$1.54 per \$1,000.

A number of bills were reported to the house for passage, among them being the following: The renovated butter bill, the Archer game bills, the Patterson redistricting bill, without recommendation; the Williams bill, to repeal the "fellow servant" law as applied to railroad companies; the Brannock safe-blowers' bill, to give life imprisonment to safe-blowers, and a number of local bills.

The McDonald anti-free lunch bill was defeated by a vote of 56 to 29.

In the Senate.

The Willis and Cole taxation measures will be reported to the senate favorably at once and the committee will seek to have them made a special order for Wednesday of next week. The Republican senators, who have been holding out, with but a single exception, Senator Wilhelm of Stark county, have withdrawn their opposition, and the measures will not likely pass by a strict party vote.

The senate at its session adopted the Decker resolution directing the state board of charities to inquire into the death of Nora Ferris, an inmate of the Girl's Industrial home at Delaware, while undergoing punishment in a straight jacket, and to report to the governor.

The Palster bill declaring it to be the policy of the state to maintain the canals was made a special order.

Senator Chamberlain of Lorain introduced a bill permitting electric lines and gas companies to consolidate.

These bills of a general nature were passed by the senate: H. B. requiring that notice of sale of bonds shall be printed in two newspapers of opposite politics; H. B. to prohibit the delivery

or disposing of drugs, medicines, antiseptics, disinfectants and cosmetics, either for internal or external use upon the premises of another.

Several very important bills were passed by the senate, one of which was the Royer bill, to permit all cases to be appealed to the supreme court regardless of the amount involved in the case. At present a suit involving less than \$300 will not be considered by that tribunal. Another important matter favorably considered was the Longworth plan for submitting propositions to amend the state constitution, heretofore detailed in these dispatches. The senate adopted the resolution to amend the constitution so as to give the governor the power of veto. A similar resolution, offered in the house by Mr. Price, was defeated.

JACK FROST

Makes a Sudden Invasion of Several Southern States.

Atlanta, Ga., April 2.—Frosts were general in Tennessee, portions of Mississippi, Alabama, Georgia and the Carolinas. The frost was heavy at Nashville, Charlotte and Wilmington and severe at Knoxville. Reports from Macon, Savannah, Augusta, Charleston, Memphis and Meridian are to the effect that the frost was light. The damage to the fruit crop in Georgia, if any, was slight, a strong wind prevailing throughout the night.

Valuable Mines Involved.

Colorado Springs, Colo., April 2.—What is perhaps the biggest mining suit in the history of Colorado has been filed in the district court and involves mining property valued at more than \$5,000,000. The property affected is all located in the Cripple Creek district. The suit is brought by the minority shareholders of the Mount Rosa company against the Woods investment company and the plaintiffs charge that F. M. Woods, H. E. Woods and Warren Woods, forming the defendant company have "cheated and defrauded them of their rights ever since they acquired control of the Mount Rosa company in 1892. A receivership is asked for, together with an accounting of the Mount Rosa company's funds and a statement showing the disposition made of the company's various properties.

Murderer Expresses No Regrets.

Philadelphia, April 2.—William M. Lane, the negro who murdered Mrs. Ella J. Furbush and her daughter Madeline, and fatally shot Eloise Furbush, another daughter, was held to await the action of the coroner. Lane expressed no regret for his crime. When asked what caused him to kill the woman and child, he said: "They deserved to die." At the hospital it was said that there was little hope for the recovery of Eloise. Charles A. Furbush, the reputed husband of the murdered woman, whose right name was Ella Jardon, spent the night in the house where the crime was committed, but the policemen who are guarding the premises said he was not in a condition to make a statement.

No Fire in Mine.

Chattanooga, Tenn., April 2.—Investigation revealed the fact that the Nelson mine at Dayton in which the explosion occurred is not on fire and has not been. Workmen are engaged excavating the debris and all the bodies will be recovered. The funeral services of those recovered were held. In all there were 16 killed, leaving 58 orphans and 14 widows. George Swafford, one of the injured miners, died later. The miners claim that the explosion was due to failure to sprinkle the mine on Sunday. The prevailing opinion seems to be that it was caused by a combination of coal dust and gas in the mine.

To Continue Cuban Postal Service.

Washington, April 2.—The postmaster general received a communication from the secretary of war officially notifying him that on May 20 next Cuba will become a foreign country and that upon the withdrawal of the United States troops therefrom on that date there will be no statute on postal convention, under which mail can be transmitted for domestic purposes or carrying on existing money order system between the United States and that island. The postmaster general will immediately take steps to have congress put the matter in shape.

Hod Carriers Strike.

Chicago, April 2.—A strike of hod carriers and building laborers was called. The agent was compelled by the men to repudiate an agreement he made with the Employers' organization. Monday an advance from 30 to 35 cents to be effective June 1 was agreed upon. The agent agreed not to call a strike until the men had met and ratified or repudiated the agreement.

McCoy Wants a Fight.

New York, April 2.—"Kid" McCoy, the pugilist, has returned from Europe and declares he is looking for a fight with Jeffries or Fitzsimmons.

MARRIES THE DOCTOR.

Widow of Robert Garrett Weds Physician Who Attended Her Husband.

BALTIMORE SOCIETY SURPRISED.

Festive Cupid Hampered by a Business Proposition Which Leaves the Property of Each Free From Control of the Other.

Baltimore, April 2.—Mrs. Robert Garrett and Dr. Henry Barton Jacobs were married. The wedding took place in Grace Protestant Episcopal church in the presence of a few intimate friends and was a complete surprise to the other members of Baltimore's social set. The license was accompanied by an anti-nuptial agreement which leaves the property of each free from the control of the other.

Mrs. Garrett was the widow of the former president of the Baltimore and Ohio railway company who died in 1893. Dr. Jacobs was his physician during the long illness which preceded his death and made a tour of the world with him shortly before that event.

Chinese Problems Discussed.

Victoria, B. C., April 2.—Dr. W. A. P. Martin, who a month ago resigned the principalship of the Imperial Chinese college at Peking, and has since been offered a similar position with the Chinese university at Wu Chang, arrived by the steamer Empress of Japan. Dr. Martin was in Peking during the siege and says there has been many changes since then. China has completed a treaty with the foreign powers and all is quiet now, he said, but how long it will remain a placid country no one can say. The recent treaty of Great Britain and Japan guarantees peace for a time only, for there is a feeling tending to the disintegration of the country among the powers, among whom Great Britain, Japan and the United States are for the maintenance of the integrity of China, but Russia, France and others are for slicing up the kingdom. Regarding the Manchurian question, Russia did not get the special concessions favored by the treaty made by Li Hung Chang. Even to the hour before his death, when the Chinese statesman was all but unconscious, M. Lessar was working with him to have him place his signature to the treaty by which Russia would have secured all she wanted.

Postmaster Killed an Assailant.

Washington, April 2.—Details of the killing of a man named Searles by Postmaster Guyer of Clayton, N. M., have been received by the postmaster general. In a letter written by the postmaster he declared that Searles came into his office on March 26 and asked for 10 cents worth of stamps. The postmaster was standing at the delivery window at the time and as he reached for the stamps Searles, he says, opened fire on him and emptied his revolver. The postmaster says he immediately took up a revolver nearby and returned the fire, with the result that Searles is dead. The postmaster declares Searles never said a word to him beyond asking for the stamps and that he is entirely ignorant of his object in endeavoring to kill him.

Why Americans Surpass.

London, April 2.—A parliamentary paper gives correspondence respecting the comparative merits of the American, British and Belgian locomotives now in use in Egypt. In a dispatch to the foreign secretary, Lord Lansdowne, covering a number of reports received from railroad officials, the British diplomatic agent and consul general in Egypt, Lord Cromer, draws the general conclusion that the main reason why so many orders for railroad plants have recently been given to the United States is that the American firms are able to execute them with extraordinary rapidity, due largely to the system of standardization.

Kingly Blood in McKinley.

New York, April 2.—At the fifteenth anniversary celebration of the war veterans' association of the New York conference, held at the Grace M. E. church, Bishop C. H. Fowler, speaking on the life of President McKinley, said he had paid the penalty of greatness. Born a peasant, he became a king. He went up with Lincoln and Garfield to the martyr's throne. Tracing the genealogy of his family, the speaker said that McKinley's ancestors could be traced back to the first king of all Ireland and down through 80 other kings. As for his greatness when compared with Caesar, the latter would have to take a back seat.

St. Paul, April 2.—Great Northern lifted its blockade, bringing in its overland train from the Pacific coast in three sections. It is expected that traffic will be resumed on the old schedules.

NOTABLE NUPTIALS.

Daughter of James J. Hill Weds a New York Attorney.

St. Paul, April 2.—At high noon in the family residence on Summit avenue, occurred the wedding of Miss Ruth Hill, daughter of President James J. Hill of the Great Northern railway and Northern Securities company and Anton McCook Board, an attorney of New York city. Only 130 guests were invited, the bride desiring a quiet wedding.

Mgr. Anatole Oster, who officiated at the wedding of Mr. and Mrs. James J. Hill, was an honored guest, but the ceremony was performed by Archbishop John Ireland, assisted by Rev. Thomas J. Gibbons of this city, both in the full vestments of their office. The bride was attended to her place before the clergyman in the drawing room by her father, who presented her to the groom. She was assisted by her sister, Miss Rachel Hill, as bridesmaid, while Eric Dahlgren was best man for the groom.

An informal reception followed the ceremony. Mr. and Mrs. Board will reside in New York city, and the honeymoon will be spent at North Oaks, Mr. Hill's summer home near this city.

Strike of Miners.

Dubois, Pa., April 2.—All of the bituminous coal mines of the Rochester and Pittsburgh Coal and Iron company are idle. The resolutions declaring for a strike were obeyed by all of the men and as a consequence 10,000 men are idle. The final clause of the strike resolution reads: "No settlement of the question in dispute shall be recognized unless sanctioned by the proper authorized committee and the officers of the organization." This means that the men will insist on recognition of the miners' union, and is also interpreted as indicating a long struggle, as the Rochester and Pittsburgh company has always refused to recognize union leaders and has insisted upon dealing with its employees as individuals.

Postal Currency.

Washington, April 2.—A commission consisting of three officials from the postoffice department and three from the treasury department will meet here within a few days to consider the subject of the establishment of a postal currency. The present plan is to provide for small currency to take the place of one and two dollar bills, which it is believed will provide a safer method for the transmission of small amounts through the mails, as it is intended that these notes shall be payable only at the place designated thereon by the purchaser.

Defaulter Heard From.

New York, April 2.—William Scriber, who disappeared in October, 1900, under charges of misappropriation of \$128,000 belonging to the Elizabethport Banking company, by which he was employed as a clerk, is reported to have been heard from in Honduras. According to a letter said to have been received in this city Scriber is engaged in raising bananas and shipping them to this city. He says he is doing well and expects eventually to return and repay the bank. He insists, however, that he was short only \$35,000.

Time Extended.

Meyersdale, Pa., April 2.—The miners comprising the various local unions of the United Mine Workers of America in the Meyersdale-Salisbury coal region in convention at Red Bridge, decided to extend the time for the signing of the scale until April 10, by which time it is said the signatures of all the operators in the region will be attached to the scale. The scale asks for a 9-hour day with an advance of about 10 per cent for drivers and day laborers.

Spanish War Veterans Meet.

Springfield, Ill., April 2.—The first annual encampment of service men in the Spanish American war convened at the state house. The opening meeting was not largely attended. In the absence of Brigadier General John A. Wiley, General George A. Moulton of Chicago presided. An address of welcome was delivered by Governor Yates and response was made by Captain Wilson L. Davenney.

Miss Stone's Plans.

London, April 2.—Miss Ellen M. Stone has returned from Bournemouth and has taken up her residence with friends in Torrington Square, Bloomsbury. Efforts are being made to induce the American missionary to deliver an address in London on her experiences during captivity. Her original intention was to leave England for America on Saturday, but it is not improbable she will delay her departure.

Hon. Bellamy Storer at Home.

Cincinnati, April 2.—Bellamy Storer, United States minister to Spain, arrived in Cincinnati with his wife, to be at home one month for rest and recuperation. The Storers are guests of Mrs. Nicholas Longworth.

ACTION OF POPULISTS.

Maintenance Of Name and Principles Of Their Party Desired.

METHOD OF NAMING CANDIDATES.

The Plan Adopted at Cincinnati to Nominate a Ticket by the Referendum Ballot Declared to Be Impracticable.

Louisville, April 2.—The national convention of the Allied party, whose object is stated to be the "union of all reform forces against plutocracy," was announced to meet at noon in Liederkrantz hall in this city, but owing to the length of the National Populist committee's meeting, which did not begin until 11 o'clock, and the desire of a large number of delegates to go to lunch before the sessions began, the hour of convening was postponed until 2 o'clock.

Prior to the meeting of the Allied party convention the Illinois delegation of the Peoples party met and at the suggestion of the chairman, Joseph Hopp of Chicago decided to make a stand in the convention for the maintenance of the principles and name of the Peoples' party. The delegation also adopted a resolution of greeting to be sent to Colonel Jesse Harper of Danville, Ills, the former law partner of Abraham Lincoln.

The delegates were slow in arriving, but by 2 o'clock there were about 250 persons in the hall, representing the various reform movements. Of this number about 75 per cent were members of the Peoples' party, while the Municipal Ownership party of St. Louis, representing the union labor reform movement were next in evidence. There were also a number of fusion Populists present and the Union Reform party of Ohio; the Socialists and the United Christian party were represented in person or by proxy. There were also a few Silver Republicans.

The convention was called to order by James H. Cook of Carthage, Mo., a member of the National Populist executive committee.

Cincinnati Plan Abandoned.

Louisville, April 2.—The National Populist committee reconvened at the Willard hotel. About 70 members were represented in person or in proxy. Chairman Joseph A. Parker presided over the meeting which was held behind closed doors. The committee of four appointed by the national committee to devise means whereby the referendum and initiative plank adopted by the Populists of Cincinnati could be made practicable, reported that nominations by the referendum ballot as proposed at the Cincinnati convention would be wholly impracticable and that the convention should be held by the delegates to be governed by the wishes of the people they represented. This report was accepted. The committee also decided to recommend to the convention of the Allied party that the name Peoples' party be adopted by the convention. The matter of the adoption of a platform was left to the committee on resolutions.

Cause of Strike.

Stamford, Conn., April 2.—Six hundred painters and carpenters in Greenwich, Conn., and Portchester, N. Y., went out on strike because of the failure of the building trades council and the Builders' association to agree on a new contract for the coming year. The question of wages presented but little difficulty. The Master Builders, however, wanted the union men to insert in the contract that no union men in Greenwich and Portchester shall be permitted to work on any job unless the contractor is a member of the Builders' association. This the union men refused to do.

Rush For Land.

Los Angeles, April 2.—The San Jacinto forest reserve land in Riverside county has been opened to entry. Only seven claimants appeared at the land office in this city, and these had been waiting for two weeks. It is understood, however, that nine hours previous to the hour named in the proclamation, a crowd of men in wagons, on horseback and on foot, made a wild rush on the land from the reservation border. Those who registered at the local land office also had "rushers" at the reservation.

Strike of Hoisting Engineers.

Butte, Mont., April 2.—Twenty-eight hoisting engineers have struck and as a result nine mines of Amalgamated Copper company are closed down and over 3,000 men rendered idle pending a settlement of the troubles. The engineers have been receiving \$4 a day and on March 25 notified the company that unless their demand for increase of wages of \$1 a day was complied with within 10 days they would go out.

TEXAS is so solidly Democratic that they had little or no opposition at the municipal elections this week.

DEMOCRATS carried Milwaukee this week by from 7,000 to 10,000 majority. Two years ago it was less than 3,000.

It will be time enough for Republicans to belittle Congressman Richardson's charges of corruption in connection with the purchase of the Danish West Indies when the investigation is completed.

PERSONAL.

—Miss Nellie P. Hanley is visiting relatives in Newport.

—Congressman Kehoe arrived Wednesday afternoon to look after some business matters.

—Mrs. F. D. Hoy, of Columbus, is visiting her mother, Mrs. Charles Lewis, of East Front street.

—Mrs. Katherine Tabb, of Cincinnati, and Mrs. Jennie Depew, of St. Louis, are here visiting relatives.

—Mr. John Myers, of Dayton, O., left for home Wednesday after spending a few days here with relatives.

—Miss Nettie Powell has returned to Cincinnati after visiting Miss Maud Luman, of East Second street.

—Mr. Frank Landgraf arrived home from Memphis, Tenn., yesterday afternoon after spending several weeks a guest of the family of his brother, Edward.

Andrew Wood and wife have sold to Jefferson White a lot in Washington for \$100.

Miss Anna Weesner, of Akron, O., a member of the "King Dodo" comic opera company, died this week at Danville, Ill., as a result of a fall on the ice some weeks ago.

The Oddfellows of this city are planning to celebrate the anniversary of the order on April 26th. DeKalb Lodge has appointed W. C. Pelham, John Duley and Hal C. Curran to confer with a like committee from Ringgold Lodge as to a joint celebration.

I will make it an object to any one needing goods in my line, if they will call before making any purchases in the line of diamonds, watches, either gold or gold filled, or silver, sterling silver forks and knives and spoons; clocks, cut glass or anything in my line.

MURPHY, the jeweler.

Hon. John W. Alexander executed a deed of trust Wednesday to W. W. Ball for the benefit of his creditors. The firms of Alexander Bros. and John W. Alexander & Co. also assigned to Mr. Ball, who qualified in each case with Judge Wall and E. C. Myall sureties. The total liabilities are placed at about \$30,000 and the assets at \$20,000. Mr. Alexander's host of friends learn with regret of his financial troubles, and sincerely hope to see him firmly established again in the not distant future.

Superintendent Slattery of the County Infirmary and his good wife, the matron of that institution, entertained the members of the Fiscal Court, many other county and city officials and a number of special friends, including representatives of the press, at dinner Wednesday. All told about seventy guests sat down to the bountiful and very elegant spread. Two large tables fairly groaned under the good things served, and then they did not accommodate half of the many substantial and delicacies embraced in the menu. That the feast was enjoyed by all present goes without saying.

Managers Russell, Dye and Frank take pleasure in announcing to their many patrons the engagement for one night only—Monday, April 7th, at Washington House—M. M. Theise's "Wine, Woman and Song." The company ranks with the peers in the burlesque field. The first part "The Vaudeville Craze," introduces the entire company in many unique characters. The vaudeville portion includes bright lights of the profession namely, "Bonita," and her Cuban and African Midgets, Gallagher and Barrett, Kine and Gotthold, Harry and Sadie Fields, the Yale trio, Rusch and Devere, Mosher, Roughton and Mosher, and Arthur Searles. The closing burlesque, "Mixed Picnics" again introduces the entire company in pleasing songs, dances, &c.

NEW CARPETS

FOR THE SPRING TRADE.

We have had a great many inquiries about them and we simply say the arrivals to date can only be excelled by our own stocks in the future—the past has never brought such an assortment to Maysville.

Our Brussels Line

D. HUNT & SON

IN GOOD SHAPE

Are the Affairs of the Endowment Rank, Knights of Pythias—Deficit Almost Wiped Out.

[Exchange.]

The Endowment Rank of the Knights of Pythias is again on a sound footing. Good judgment and keen business management brought this about. Last summer when the deficit and the unpaid claims to June 1st, 1901, amounted to \$559,500, the prospects were not so rosy. The story of the deficit is too well known to men in all commercial walks of life to repeat. The crash that entangled John A. Hinsey and Henry B. Stolte was one that would well nigh shake any insurance order, but the Endowment Rank today is on the high road to prosperity and in a month or two more there will not be left the vestige of the deficit that reached over the half million mark but a few months ago.

The deficit of last June was reduced by January 1 of the current year to \$58,702.74, and by February 28 to \$40,000. By the first of May it will undoubtedly be wiped out. This is commendable on the part of the officers of the Knights of Pythias and the Board of Control of the Endowment Rank, and illustrates what determination and business judgment will do under trying circumstances.

In a special report compiled for Hon. Henry Yates of the insurance department of Illinois, the examiners state that after September 1 of last year they find the books in excellent order. Under the table now in vogue the present membership will increase the annual contributions wonderfully. This will amount to about \$1,815,000 to the mortuary fund and about \$200,000 to the expense fund. Besides caring for current death losses it will provide something toward a reserve fund.

REV. DR. E. E. FORMAN.

Death at Lexington This Week of a Venerable Preacher—Leaves Relatives in Mason County.

Rev. E. E. Forman died at the St. Joseph Hospital, Lexington, at an early hour Wednesday morning. Mr. Forman was in the eighty-third year of his age and was one of the most widely known ministers of the gospel in this country, of the Presbyterian faith.

He was the father of Mr. T. T. Forman, a prominent attorney of Lexington, and at whose residence the funeral services will be held to-day.

The burial will take place at Richmond, Ky., where Dr. Forman lived and labored for a number of years.

Dr. Forman leaves many relatives in Mason County. His last ministerial charge was at the Franklin Street Church, New Orleans.

Mr. Forman was a native of this county, having been born near Washington in 1819. He was a son of Ezekiel Forman and Dorothy Wood. He leaves four sons and two daughters—B. R. Forman, of New Orleans, being his eldest son. With the exception of Mr. White W. Forman, of Paris, and Mrs. Mary F. Paxton, of Platte City, Mo., brother and sister of the deceased, Dr. Forman was the last member of a large family. The late Rev. Charles W. Forman, missionary in India, was his brother.

Representative Kehoe has favorably reported from the Committee on Claims bills paying Mary L. Taylor \$900 and James Lee \$2,700, both of Mason County, for property destroyed by Federal soldiers during the Civil war. The bill introduced by Representative Kehoe paying the St. Andrews' Lodge, of Cynthiana, \$1,200 was also favorably reported.

Robert L. Browning and Lovel Samuel are members of the Kappa Alpha Fraternity at Kentucky Wesleyan College, Winchester.

Representative Kehoe has introduced a bill changing the time of meeting of Congress to the second Monday in January. At present Congress meets in December and nothing is accomplished between that time and the Christmas holidays.

Senator Deboe has registered with the President a complaint against Commissioner John R. Procter, who the Senator claims, is interesting himself in Kentucky political appointments to an extent uncalled for, in view of his official position.

Death of Mrs. John Malone.

Mrs. John Malone died Wednesday at 7 o'clock at her home near Lewisburg. She was sixty-five years old, and came to this country from County Kerry, Ireland, fifty-four years ago. Her husband died in 1890. She is survived by three children. The funeral will take place Friday at 9 a. m. at St. Patrick's Church. Burial at Washington.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPLE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

MILLINERY OPENING!

NO ADVANCE EXHIBIT; ALL INVITED—FIRST SHOWING OF SPRING MILLINERY—NO SPECIAL INVITATION OR PRIVATE EXHIBIT.

This is our only invitation, and it's addressed to you. We believe this 1902 collection to be the choicest ever gathered at Maysville. But we're prejudiced; perhaps it's not. Better leave that to your judgment. This, however, may be confidently claimed—that it reflects the latest London and Parisian fashions as a polished prism reflects light. It holds up the mirror to the mode. Bigger stocks may be seen in some of the larger cities, but none choicer; and what's more, NO FANCY PRICES.

DIED WEDNESDAY.

Mr. John White, an Old Citizen of the Sixth Ward, Passes Away After a Lingering Illness.

Mr. John White, an old citizen of the Sixth ward, died early Wednesday morning at his home, 1006 Williams street, after a lingering illness.

Mr. White was born July 4th, 1844, and formerly lived at Mayslick, moving from there to Elizaville and later coming to Maysville where he had since been employed in the Hall plow factory. One son and one daughter survive him. His wife, Mrs. Charity White, died a few years ago.

The funeral will take place Friday afternoon at 3 o'clock (sun time) at the residence. Deceased had long been a member of the Christian Church, and the funeral service will be conducted by Elder R. E. Moss, assisted by Rev. Edward Allen. Burial in Maysville Cemetery.

Offer Extraordinary.

While our stock of solid silver lasts, we can save you 35 per cent. on your purchases in that line. Watches, diamonds and jewelry at figures that no competitor can possibly offer. CLOONEY & PERRINE.

Mr. Henry Otto, motorman on the electric railway, had one of his feet painfully injured Wednesday afternoon. His car was following the special train car in charge of Motorman Luman, when the trolley of the latter car left the wire near Limestone Hall. The special was stopped so quickly that the rear car ran into it with such force as to crash the front of Mr. Otto's car. He had a narrow escape from serious injury.

In Boyle County J. O. Caldwell and J. C. Caldwell, Jr., and R. G. Evans sold to Anderson & Spillman 800 acres of growing wheat at 65c. per bushel.

Announcement is made of the engagement of Miss Lavenia Otto, of Springdale, to Mr. Samuel Milburn Bradford, of Adams County, Ohio. The marriage will take place April 30th.

MRS. LOU A. PEARCE.

Another Citizen Answers the Final Summons—The End Came Early Wednesday Morning.

After a lingering illness Mrs. Lou A. Pearce died Wednesday morning at 8:35 o'clock at the home of Mr. and Mrs. Robert Cummings on Huston avenue.

Mrs. Pearce was a daughter of the late Thomas Calvert and was born near Lewisburg. She was sixty-four years of age and was a half-sister of Mrs. Dr. Shackelford and Mr. Jesse Calvert, of this city. Mrs. Cummings, at whose home she died, was her adopted daughter.

The funeral will take place Friday afternoon at 2 o'clock at the residence of Mr. Cummings. Interment in the Maysville Cemetery.

PAINFULLY INJURED.

Turnpike Superintendent Luttrell Badly Hurt in a Runaway Accident.

Mr. Wm. Luttrell, Turnpike Superintendent for eastern district, met with a serious accident Wednesday evening while returning to his home near Helena.

The horse he was driving frightened at something near Cook's store at Wedonia and ran off. Mr. Luttrell was thrown out of the vehicle, striking with such force that the front part of his scalp was torn loose and his face badly bruised.

The injured man was later removed to his home where he is getting along as well as could be expected.

The Board of Trade urges "a plenteous use of paint" on dwellings and outbuildings, which would undoubtedly lend much additional attractiveness to the "city of roses" during the summer season. But it would be interesting to know just how much of the aforesaid liquid decoration it would take to cover the eye-sore recently erected along Second street, west of the C. and O. depot. What a beautiful background for the nice flower gardens in that vicinity!

Andrew Moffit, aged twenty-one years, died Monday morning at Clifton Forge, Va., of pneumonia. His home was on East Third street, this city. His remains were brought here for burial, and the funeral will take place this afternoon at 3 o'clock at the home, Rev. N. H. Talbott officiating.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whiskey, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Judge Cochran, of the United States Court, granted a temporary injunction this week in the case of the American Tin Plate Company vs. the Licking Rolling Mill Company, restraining the defendants from using the trade mark "M. S. H.," on which the plaintiff claims to have an exclusive right. The case will be disposed of at the next term of the court.

A citizen suggests that the Board of Trade, in its efforts to make the city beautiful, should begin at the "fountain head." The recent work of plastering the electric light poles and fences with the Board's own inartistic advertising matter is not calculated to bring about much of an improvement along this line. If "the city of roses" is to be made "attractive to the eye" in fact, why mar the garden spots with these inharmonious surroundings?

FISCAL COURT.

Business Transacted at the Second Day's Session.

Summary of Reports Showing Condition of County Infirmary—Claims Allowed. Other Business.

All the Justices and the County Attorney were present at the second day's session of the Fiscal Court, Judge Newell presiding.

The \$100 received from the sale of the county telephone franchises was ordered placed to credit of general claim fund.

Annual reports were filed by the Board of Directors of the County Infirmary, by the Chairman of the board, by the Infirmary Physician and by the Infirmary Superintendent; also an inventory and appraisal of the infirmary property and a report of pauper burials by the Superintendent. Total amount received the past year \$4,593.98, total paid out \$4,535.98, leaving balance on hand \$58. Vouchers were filed for all disbursements. The inventory of personalty, crops, farm implements &c. shows property valued at \$2,401.92. The Superintendent's report shows total number of inmates at last report 41; admitted during year, 28; died, 6; discharged, 17; making number on hand 49. Of the number now in the infirmary 36 whites and 13 colored, and there are 33 males and 16 females. The net cost to county of maintaining the institution the past year was \$3,365.82, a per capita of about \$67. During the year, in addition to the inmates who died, the Superintendent buried twelve paupers. The Infirmary Physician made 65 visits to the institution during the year. Health of inmates generally good, "due in a great measure to the care and faithful attention of the Superintendent and his wife." The physician treated seven cases of small-pox at the pest house, all of whom recovered. The pest house has been closed since June 29th.

Boston Lyric Opera Company.

Lexington Leader: The Boston Lyric Opera Company gave an excellent production of "Carmen" to a large and appreciative audience. This is one of the most difficult of American operatic productions and unless presented in a masterful and competent manner is uninteresting and dull. The company was so fortunate in its rendition as to win numerous deserved curtain calls on the tuneless and catchy manner in which it put on this beautiful old piece, fully sustaining the reputation of this strong musical organization. The solos, duets and trios were all melodious and the chorus singing of a very superior quality. The lyrics deserve the best of patronage. It is seldom Lexington has an opportunity to enjoy grand opera so well rendered. "Il Trovatore" will be sung Friday evening, "Bohemian Girl," Saturday matinee, and "Carmen" Saturday evening by this company at Washington Opera House. Seats on sale at Nelson's.

CLARENCE MATHEWS, P. M.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is especially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrow to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine, containing no alcohol or other intoxicant.

Given away. Dr. Pierce's great work, The People's Common Sense Medical Adviser, is sent free on receipt of stamps to pay expenses of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.
